

# Drinkin' and Dreamin'

Waylon Jennings

capo II

1. Everybody's looking for someway in  
I'm looking for someway out  
I've been wasting my time, standing in line  
If this is what it's all about

2. All I've got is a job that I don't like  
And a woman that don't understand  
So tonight in the bar, I'll get in my car  
And take off for the promise land

R: Drinkin' and dreamin', knowing damn well I can't go  
I'll never see Texas, L.A., or ol' Mexico  
But here at this table, I'm able to leave it behind  
Drink till I'm dreaming a thousand miles out of my mind

3. This suit and this tie is just a disguise  
This ain't really me  
Some people were born to be tied down  
Some people were born to be free

4. When i look down the road she don't know  
How it gets under my skin  
She's got my body but my heart and soul  
Are out there riding the wind

R: (2x)
