

# Easy Money

Waylon Jennings

I didn't rob no bank or break no teller machine  
I didn't mug nobody or steal from a widow's child  
But I'll take your money and do a little dance and sing  
But to tell the truth, I'm only gonna keep it a while

Easy money, easy come and easy go  
Easy money, easy come, where it goes, I don't know

Never could hold on when anything wasn't mine  
Trouble's all it ever got me into  
And knowin' that I'd just be wastin' time  
Thinkin' I could ever hold onto you

Easy lovin', easy come and easy go  
Easy lovin', easy come, where it goes, I don't know

I got a two-wide trailer on the banks of the Black Water Draw  
Back at the house it trickles down to a stream  
I ain't breakin' my back and I sure ain't breakin' the law  
Livin' on mud bud's a mainstay country cuisine

Easy livin', easy come and easy go  
Easy livin', easy come, where it goes, I don't know

Easy lovin', easy come and easy go  
Easy money, easy come, where it goes, I don't know
