

Her Man

Waylon Jennings

I'm gonna change my ways of doing things around here
I'm turning over a new leaf gonna get myself in gear
Cause I've got a woman who's better than most
And I've made a mess of her plans
So startin' today all I'm gonna be is her man

I've been a wild catter and a go go getter
Been an SOB right down to the letter
I've had misadventures I even got pictures
Of even more than I can stand
So startin' today all I want a be is her man

I'm gonna give it all back cause all I've done is take
I've put her on the back burner while I was out on the make
But I've got a woman who's good enough to give me
A second chance again
So starting today all I'm gonna be is her man

I've been a wild catter and a go go getter
Been an SOB right down to the letter
I've had misadventures I even got pictures
Of even more than I can stand
So startin' today all I want a be is her man

I'm a little bit late but I'm wise enough
I'm taking her by the hand
Startin' today all I want a be is her man
