## I Fall In Love So Easily

## **Waylon Jennings**

You don't know what's good for you You won't leave me alone I know you've got a family Sleepin' at home.

Don't make me go out of my way don't tempt me please
Don't you be so nice to me
I fall in love so easily.

I'm all alone and need someone
I guess that it shows
But the things you make me want to do
I'll regret I know.

So don't say things that you don't mean 'Cause I just might believe
Don't you be so nice to me
I fall in love so easily.

I'm gonna leave tonight with you Go on and have your fun I don't want to be a part Of what I might have done.

I'm tempted when I think about
The things that might have been
And I'll admit I'd like to try
But I know I couldn't win.

And so instead I'll say goodbye I know it's time to leave 'Cause you been so nice to me And I fall in love so easily.

'Cause you been so nice to me I fall in love so easily.

'Cause you been so nice to me...
