

## If You Were Mine to Lose

Waylon Jennings

If you were mine to lose I'd gladly let you go  
'Cause that would mean you once belonged to me  
I'd gladly take the heartache of losing you some day  
'Cause then at least I'd have the memory.

Through all the years I've known you you've never noticed me  
Just a friend that's all I've been to you  
I'd gladly let you break my heart for just one memory  
Just to know that you were mine to lose.

If I could only hold you just one time  
for one short moment heaven would be mine  
If you were mine to lose I'd gladly let you go  
Just to know that you were mine to lose.

I could only hold you just one time  
for one short moment heaven would be mine  
If you were mine to lose I'd gladly let you go  
Just to know that you were mine to lose...
