

Shakin' the Blues

Waylon Jennings

Young girl out of season
You do know how to shine
You got a unnatural hold on me
But the truth is I don't mind

Having a good time shakin' the blues

Young man brass and cocky
Old man's got his pride
They got a unmutual disrespect
So dissatisfied

Having a hard time shakin' the blues

Hank calls him watasha
Willie calls him the hoss
He might have been uncommonly out of control
As best as I recall

Having a high time shakin' the blues

He's been king of the mountain
Had a good time livin' what the good life brings
So you best not count him down and out
Cause he'll be here, til' he hears the fat lady sing

Young girl out of season
You do know how to shine
You got a unnatural hold on me
But the truth is I don't mind

Having a good time
Having a good time
Having a good time

Shakin' the blues
