

This Train

Waylon Jennings

Gotta catch a new train... I gotta go
This train is getting just a little too old

Gotta find a new way... to live my life
Any other way has got to be alright

Shame on you girl... same ol' you
Same ol' trouble you're always
Puttin' me through

Same ol' me girl... body and soul
This train's a runnin' on out of control

I ain't gonna waste my time here...
Messin' with you
I ain't gonna wind up anywhere near
Where I want to

I ain't gonna waste my time here...
Messin' with you
I ain't gonna wind up anywhere near
Where I want to

Gotta find a new way... to live my life
Any other way has gotta be alright

Gotta catch a new train... I gotta go
This train is runnin' on out of control
This train is movin' just a little too slow
