

# You Went Out with Rock and Roll

Waylon Jennings

You went out with rock n roll  
Twenty-one some-odd years ago  
I told ya then so ya oughta know  
You went out with rock n roll

To say the least I am surprised  
But standin' right before my eyes  
Is someone here from way back when  
I thought I'd never see again

Back in and lookin' good  
Sayin' everything' you should  
But I heard it all a long time ago  
So don't disturb my country soul

You went out with rock n roll  
Twenty-one some-odd years ago  
I told ya then so ya oughta know  
You went out with rock n roll

You went out with rock n roll  
Twenty-one some-odd years ago  
I told ya then so ya oughta know  
You went out with rock n roll

You went out with rock n roll  
Twenty-one some-odd years ago  
I told ya then so ya oughta know  
You went out with rock n roll
