

Every Time

Wayne Hancock

Every time I look into your eyes
I fall in love again
And everything just fades from view
The way your hand fits mine
The softness of your sigh
My heart and soul they long for your kiss
And the right to be by your side
And every time I hear your name
I start to drift away
And the stars shine just a little brighter
When you're on my arm
I hope you'll be a part of me
Before all is said and done
You've got me hypnotized
Every time I look into your eyes
And every time I speak your name
I start to drift away
And the stars shine just a little brighter
When you're on my arm
I hope you'll be a part of me
For all eternity
You've got me hypnotized
Every time I look into your eyes
