

## Happy Birthday Julie

Wayne Hancock

Happy birthday Julie  
My, it's good to see you, gal  
The last time I saw you smile you were still my pal  
Yeah, I sure did love you  
But somehow you slipped away  
Now instead of lovin' you  
I'm reminiscin' on your birthday

Do you remember those warm summer nights when the stars hang in  
the air?  
I didn't have a dime to my name, but you didn't care  
Now you've gotten married and everything has changed  
But happy birthday Julie just the same

Yes happy birthday Julie just the same  
Julie...
