

Lea Ann

Wayne Hancock

Oh Lea Ann, my sweet Lea Ann
I'm yours, you're mine
It's so grand
Let the storm clouds gather
Like they used to
Outside the rain is falling
While inside I dream of you
You're the sun that satisfies my soul
You're the touch of spring
You keep me from the cold

(2x):

I never thought I'd live
To see those happy days
I hope you're mine lea ann always
