

## Sands Of Time

Wayne Hancock

Yesterday I saw my baby walkin'  
Arm in arm with another man  
And it's strange 'cause she used to be my darlin'  
So long ago I think I understand  
I no longer dream about you  
Seldom the day you cross my mind  
I've gone on to a better way of livin'  
My heart is drippin' with the sands of time  
I hear that you're doin' well now  
Everywhere I go I see your name  
I used to wonder if somehow I wronged you  
But now I know no body shares the blame  
Goodbye my dear, the highway's callin'  
The rhythm of the road has won my mind  
The sun is out and darlin' and I'm so happy  
My heart is drippin' with the sands of time
