

Sands Of Time

Wayne Hancock

Yesterday I saw my baby walkin'
Arm in arm with another man
And it's strange 'cause she used to be my darlin'
So long ago I think I understand
I no longer dream about you
Seldom the day you cross my mind
I've gone on to a better way of livin'
My heart is drippin' with the sands of time
I hear that you're doin' well now
Everywhere I go I see your name
I used to wonder if somehow I wronged you
But now I know no body shares the blame
Goodbye my dear, the highway's callin'
The rhythm of the road has won my mind
The sun is out and darlin' and I'm so happy
My heart is drippin' with the sands of time
