

Thunderstorms and Neon Signs

Wayne Hancock

1. There's big black clouds blowin in from the west
I've been drivin all day lord I sure could use some rest
There's a motel up ahead where I can unwind
Cause I sure love thunder storms and neon signs

2. I grew up on the road from town to town
My daddy's line of work kept us movin around
I got fond memories of the way things were back then
The warmth of a neon when a cold storms movin in

R: Listen to the opry in a small café
When we stop to get a bite along the way
Whenever I hear the wheels begin to wine
It takes me back to another time

3. I got a real nice room with a radio and TV
This here motel livin is the only life for me
And it looks like it'll be rainin for quite some time
And mixed with the lightening is the glow from a neon sign
