Serenata

Wayne Shorter

Tonight while all the world is still Fly sweet song over the highest hill Go to my loved one, Serenata for me Sing him my song, love's melody

Tonight, when we are so far apart Bring him back, back to my lonely heart Go to my loved one Serenata and say When you're in love, love finds a way

Go to my loved one Serenata for me Sing him my song, love's melody

Go to my loved one, Serenata and say When you're in love, love finds a way Love finds a way, love finds a way Love finds a way
