

# I Still Believe

Wayne Watson

Wayne Watson and Paul Mills  
One thing I remember from the time I was a child  
Rollin' off to Sunday school  
There I'd learn about the Bible  
Learn about the Lord  
And I'd learn about the Golden Rule  
"Write it down on your heart" they'd say  
So when you're tried you're never caught of guard  
And to this very day even when I go astray  
I never wander off too far  
Well, livin' in the '80s can be a little strange  
Distractions on every hand  
The talk of nuclear war  
And a social revolution  
And the evolution theory of man  
Well, it's easier for me  
To believe that the Creator  
In a moment just said "Let it be"  
Than to swallow some jive about  
Crawlin from the ocean  
Or swinging down from the trees  
Cause ya see

Chorus

I still believe--I still believe  
Too many prayers have been answered  
Too many fallen redeemed  
Oh, I still believe  
Not so long ago the papers ran a story  
The headlines said that God is dead  
Now they use the name of Jesus like a four letter word  
They otta call it out in prayer instead  
Pardon me--but that name that you're abusin'  
Is livin' in my heart today  
And I'll be praying for you that you will find Him too  
But for now no matter what you say

Chorus

I've heard the demons believe and they tremble  
But there's a difference between them and me ya see  
'Cause my name's forever written in the book of life  
I'll be singin' in eternity

Repeat Chorus
