Ooh baby, aah, lady  
Ooh baby, ooh baby, oah  
Listen, a lot of time  
She waited patiently by the phone and I didn't call to say  
'How are you doing or what is going on?'  
She told me deep inside, it's tearing up her heart  
And it's very hard for her to stay in love  
When her heart is thrown apart  
I'll never leave you alone again  
Baby, let's start when you  
When I touch the road again, girl  
I'm taking you, taking control again  
Because I don't wanna lose you  
Here's my heart and soul again  
I give it up to you, I give it up to you  
You're beautiful, so colorful, just like a rose  
Girl, you're even more beautiful to me  
When you take off all your clothes  
There's no perfect relationship, they all got flaws  
So don't worry I'll make it up get ready  
'Cause I'm taking you out  
I'll never leave you alone again  
Baby, let's start when you  
When I touch the road again, girl  
I'm taking you, taking control again  
Because I don't wanna lose you  
Here's my heart and soul again  
I give it up to you, I give it up to you  
Girl, you're the best thing  
That could ever happen to my life, my life  
So I don't wanna make things worse  
From now on I swear that I will make sacrifices  
'Cause I don't wanna hurt you girl  
I'll never leave you alone again  
Baby, let's start when you  
When I touch the road again, girl  
I'm taking you, taking control again  
Because I don't wanna lose you  
Here's my heart and soul again  
I give it up to you  
I'll never leave you alone again  
Baby, let's start when you  
When I touch the road again, girl  
I'm taking you, taking control again  
Because I don't wanna lose you  
Here's my heart and soul again  
I give it up to you, I give it up to you  
I'll never leave you alone again  
Baby, let's start when you  
When I touch the road again, girl  
I'm taking you
