

All This Time

Wayne Wonder

Baby, after all this time
How can I leave you now?
Oh, yeah

All this time, I knew someday you'll need to find
Something that you've left behind, something I can give you
All these tears is like a night love disappear
And my hearts are good for souvenirs and memories are forever

All this time, on and on I've no regrets
But the sun still shine, the sun still set
And the heart forgives, the heart forgets
And what would I do now with all this time? Oh yeah

One more kiss even though it comes to this
But I close my eyes and make a wish hoping you remember

All this time, on and on I've no regrets
But the sun still shines, the sun still sets
And the heart forgives, the heart forgets
And what would I do now with all this time? Oh yeah

Say goodbye, your other give another try
Don't be sorry if you cry 'cause I'll be crying too
All this time, oh yeah, oh girl

All this time, I knew someday you'll need to find
Something that you've left behind, something I can give you
All these tears is like a night's love disappear
And my hearts are good for souvenirs and memories are forever

All this time, on and on I've no regrets
But the sun still shines, the sun still sets
And the heart forgives, the heart forgets
So what would I do?
