All This Time

Wayne Wonder

Baby, after all this time How can I leave you now? Oh, yeah

All this time, I knew someday you'll need to find Something that you've left behind, something I can give you All these tear is like a night love disappear And my hearts are good for souvenirs and memories are forever

All this time, on and on I've no regrets
But the sun still shine, the sun still set
And the heart forgives, the heart forgets
And what would I do now with all this time? Oh yeah

One more kiss even though it comes to this But I close my eyes and make a wish hoping you remember

All this time, on and on I've no regrets
But the sun still shines, the sun still sets
And the heart forgives, the heart forgets
And what would I do now with all this time? Oh yeah

Say goodbye, your other give another try Don't be sorry if you cry 'cause I'll be crying too All this time, oh yeah, oh girl

All this time, I knew someday you'll need to find Something that you've left behind, something I can give you All these tears is like a night's love disappear And my hearts are good for souvenirs and memories are forever

All this time, on and on I've no regrets
But the sun still shines, the sun still sets
And the heart forgives, the heart forgets
So what would I do?
