

Love And Affection

Wayne Wonder

Now how you do it baby do it
Now how you do it baby do it
Listen aye

Nothing but love and affection,
And it's really a lovely thing (Such a lovely thing)
So glad I've made you my selection,
Girl your my everything, my everything.

Never knew love like this,
Girl I must admit
Ever since you came into my life,
It's been more than a few years,
Still no one compares
To you,
So I really love the way you got me feeling.

Nothing but love and affection,
And it's really a lovely thing (Such a lovely thing)
So glad I've made you my selection,
Girl your my everything, my everything.

When I am away,
I always count the days,
Just to come rigte back into your arms,
Heaven must have sent you,
I'm so in love with you,
It's true girl,
I really love the way you got me feeling.

Nothing but love and affection,
And it's really a lovely thing (Such a lovely thing)
So glad I've made you my selection,
Girl your my everything, my everything.

Baby
Now how you do it baby do it
Ooh girl
Now how you do it baby do it
Girl I really love the way you got me feeling

Nothing but love and affection,
And it's really a lovely thing (Such a lovely thing)
So glad I've made you my selection,
Girl your my everything, my everything.
