

Love Gets Sweeter

Wayne Wonder

Last night we had a quarrel, over some messed up reason
Some say reason that it wasn't nice
Sometimes we... each other, just to get even
I apologize,

Love gets sweeter, as a...
Just to relieve us, from all the stress they make it right
To all the... squeezer... out of my mind
So I'll never leave her, I'll never leave her

Because of you, you know I put these words to my reality
They said our love... always leads to jealousy
So baby when I tell you... trust me, its' guaranteeing
So baby let me pull you closer

Love gets sweeter, as a...
Just to relieve us, from all the stress they make it right
To all the... squeezer... out of my mind
So I'll never leave her, I'll never leave her

Crazy love,... love, yes, love,
Crazy love,... love, yes, love,
No more nagging on phone, you know I'm coming home
You know, you know, you know

Love gets sweeter, as a...
Just to relieve us, from all the stress they make it right
To all the... squeezer... out of my mind
So I'll never leave her, I'll never leave her X 2
