

I Don't Bite

We Are Scientists

There isn't anything to talk about
You know I don't mean any harm
I really don't mean anything at all
If we both understand what's going on
It's pretty clear we'll get along
It's pretty clear we'll get it

I dont bite but you can't believe it
(You can't believe it)
I dont bite but you can't believe it
(You can't believe it)

This isn't quite what I was counting on.
I wish I knew just what you want
I wish I knew anything at all
I tought the point here was to have some fun
I only wanna get it done
I only wanna get it

I dont bite but you can't believe it
(You can't believe it)
I dont bite but you can't believe it
(You can't believe it)

I don't mean anything
I don't mean anything

I dont bite but you can't believe it
(You can't believe it)
I dont bite but you can't believe it
(You can't believe it)
