

Jack & Ginger

We Are Scientists

Well it's about that time
I probably ought to go
No matter what I do
It's way too late for self control

If you liked it
I was hoping I would know
If you liked it
I was hoping I would know

Whoa oh oh oh
Whoa oh oh oh
Whoa oh oh oh

Well anything can happen
Both our numbers on the napkins
Drenched in coke and gin
It's soaking in

On the floor, remember
Thanks to all the jack and ginger
Every pour has been
Encouragin'

Well it's about that time
Who knows what's going on
I guess I should be used
To reading signals in the dark

When the lights hit
I was hoping I would know
When the lights hit
I was hoping I would know

That anything can happen
Both our numbers on the napkins
Drenched in coke and gin
It's soaking in

On the floor, remember
Thanks to all the jack and ginger
Every pour has been
Encouragin'

Whoa oh oh oh
Whoa oh oh oh
Whoa oh oh oh
Whoa oh oh oh

Well anything can happen
Both our numbers on the napkins
Drenched in coke and gin
It's soaking in

On the floor, remember
Thanks to all the jack and ginger
Every pour has been

Encouragin'
