

## Jack & Ginger

## We Are Scientists

Well it's about that time  
I probably ought to go  
No matter what I do  
It's way too late for self control

If you liked it  
I was hoping I would know  
If you liked it  
I was hoping I would know

Whoa oh oh oh  
Whoa oh oh oh  
Whoa oh oh oh

Well anything can happen  
Both our numbers on the napkins  
Drenched in coke and gin  
It's soaking in

On the floor, remember  
Thanks to all the jack and ginger  
Every pour has been  
Encouragin'

Well it's about that time  
Who knows what's going on  
I guess I should be used  
To reading signals in the dark

When the lights hit  
I was hoping I would know  
When the lights hit  
I was hoping I would know

That anything can happen  
Both our numbers on the napkins  
Drenched in coke and gin  
It's soaking in

On the floor, remember  
Thanks to all the jack and ginger  
Every pour has been  
Encouragin'

Whoa oh oh oh  
Whoa oh oh oh  
Whoa oh oh oh  
Whoa oh oh oh

Well anything can happen  
Both our numbers on the napkins  
Drenched in coke and gin  
It's soaking in

On the floor, remember  
Thanks to all the jack and ginger  
Every pour has been

Encouragin'
