

Make It Easy

We Are Scientists

Can we just agree to both stop wasting time tonight
Every second is a second chance to get this right
I'm all in, it doesn't matter, I know what this is
Maybe I should be embarrassed to be saying this

You make it easy
And it should be easy
You make it easy
You make it easy

Every gesture that you make toward me is sacrament
I won't bother even trying to make sense of it
There's a part of me that's wondering if I'm correct
This is probably as right as I am gonna get

You make it easy
And it should be easy
You make it easy
And it should be easy

If it's not worth doin' it right, let's not do it at all
It might be true, just might, not be totally false
I'd like to know what it's like to finally get what I want
But if it's not worth doin' it right, let's not do it at all

You make it easy
And it should be easy
You make it easy
And it should be easy

If it's not worth doin' it right, let's not do it at all
It might be true, just might, not be totally false
I'd like to know what it's like to finally get what I want
But if it's not worth doin' it right, let's not do it at all
