

Sprinkles

We Are Scientists

I swear I wouldn't have left you alone
If I'd sensed that it would have helped this at all
Back then, I couldn't have washed a gnome

If it seems important
you should rest assure it
If it seems important
of course it is

To have to watch you
I'm backing up
when we both want you to be
falling forward
falling forward, to me

I guess it's nobody's fault but my own
I can't tell if all of my senses are wrong
I'll taste the sugar in you're serving salt

If it seems important
you should rest assure it
if it seems important
of course it is

It's bad enough
to have to watch you
I'm backing up
when we both want you to be
to falling forward
to falling forward, to me

It's bad enough
to have to watch you
I'm backing up
when we both want you to be
to falling forward
to falling forward, to me
