

The Best Thing (That Never Happened)

We Are the In Crowd

I let you get away with thinking you're the cure.
I think I'm in too deep, it's time to pull the cord.
You like me more when you think I'm getting bored.
I hope you're home the day I tear down the walls.

I won't settle, settle, settle.
You are never hold me down.
So toxic, you ain't nothing but a prick.
I'm the best thing that never happened to ya.
Never, never, never.
You are never gonna live this down.
Life's too short, I can't fake it anymore.
I'm the best thing that never happened to ya.

Don't you get sick of only hearing your own voice.
Talk like you're so damn tough
But, you're just a little boy.
You like to think you broke the mold.
But, now I'm sure you'll crack just like the rest
When I break your fucking jaw.

I won't settle, settle, settle.
You are never hold me down.
So toxic, you ain't nothing but a prick.
I'm the best thing that never happened to ya.
Never, never, never.
You are never gonna live this down.
Life's too short, I can't fake it anymore.
I'm the best thing that never happened to ya.

I won't settle.
I won't settle.
I won't settle.

I won't settle, settle, settle.
You are never hold me down.
So toxic, you ain't nothing but a prick.
I'm the best thing that never happened to ya.
Never, never, never.
You are never gonna live this down.
Life's too short, I can't fake it anymore.
I'm the best thing that never happened to ya.
