

We came from nowhere  
With a certain dedication and devotion  
We were beholding to the way  
In wich we lived with such emotion  
And so we mingled with the people  
You'll not see us you'll not know us

On and on  
On and on  
On and on  
Until the end

(one two three four x 4)

On and on  
On and on  
On and on  
Until the end

On and on  
On and on  
On and on  
There'll be no end

(one two three four x 3)

(We Have Band)

So we go now  
Come with us now  
So we go now  
Come with us

So we go now  
Come with us now  
So we go now  
Come with us
