

You Came Out

We Have Band

you came out
and you were wasted
you went home
and turkey basted

you like jack
cause that's your poison
take it down
take it deep down

scream and shout
1 2 3 4

you can dance
so just show them
stone cold
or just frozen

scream and shout

we went out
we got wasted
you went home
and turkey basted

scream and shout

you can dance
so just show them
stone cold
or just frozen

scream and shout

we went out
we got wasted
you went home
and turkey basted

you like jack
and that's your poison
take it down
take it deep down
