We Shot the Moon

Cut it out(
Who do you think you are(
Do I really need to spell it out(
The ways that you're falling short(

Don't you, don't you, don't you see it
(Building up where you can't reach it(
Falling, falling, falling to the ground

Before you run your mouth(
Before you run your mouth(
Turn it inside out and save it for the breakdown

How do you
Know that what you see
(Is a vision of reality, (and not some distorted scene

Don't you, don't you, don't you see it
(Building up where you can't reach it(
Falling, falling, falling to the ground

Before you run your mouth(
Before you run your mouth
(Turn it inside out and tell me what you see now(
Before you run your mouth(
Before you build your house(
Build it inside out,(and save it for the breakdown

(For your breakdown, breakdown, breakdown
(For your breakdown, breakdown, breakdown

Before you run your mouth(
Before you run your mouth
(Turn it inside out and tell me what you see now(
Before you run your mouth(
Before you build your house(
Build it inside out,(and save it for the breakdown

(For your breakdown, breakdown, breakdown
(For your breakdown, breakdown, breakdown
