

The Water's Edge

We Shot the Moon

And don't you know you got me whenever you want me
And in the blurring of all these colors it's yours I see
And I don't mind, no I don't mind
And I don't mind, no I don't mind.

And I walked by the waters edge
And I heard everything you said
Woah

You might think I would never see
But they all made it back to me
Woah

And who am I to think that there's no getting used to
A love of start and stop and slow down
I'm trying to let my guard down another time
No I don't mind
And I don't mind
No I don't mind that I remember.

And I walked by the waters edge
And I heard everything you said
Woah

You might think I would never see
But they all made it back to me
Woah

And to be someone with a dream
that's not what you're after
so meet all those down the street because
woah
