

# All Again for You

We the Kings

I couldn't sleep last night  
I walked alone  
On the beach  
Where we always used to go  
When we couldn't hook up at home

I thought of you  
And the time we jumped the fence  
Both sides ripped down  
We dove right in  
And the cops chased us again

When you were mine  
You know

We had it all in front of us  
You were the one  
I was in love  
But you always hurt  
the one you lost  
I couldn't get enough

You were everything  
That's bad for me  
Make no apologies  
I'm crushed...  
Black and blue  
But you know  
I'd do it all again for you

Today, dressed up  
In designer drugs  
Dedicated to the one  
I'll always love  
The one who really messed me up

I let you take the wheel  
And the driver's seat  
Strapped in  
So you get the best of me  
Now what's left are the memories

When you were mine  
You know

We had it all in front of us  
You were the one  
I was in love  
But you always hurt  
The one you lost  
I couldn't get enough

You were everything  
That's bad for me  
Make no apologies  
I'm crushed...  
Black and blue

But you know  
I'd do it all again for you

I am standing in the ocean rain  
Rough and ready  
For your deadly game  
I've got nowhere else to go

We had it all in front of us  
You were the one  
I was in love  
But you always hurt  
The one you lost  
I couldn't get enough

You were everything  
That's bad for me  
Make no apologies  
I'm crushed...  
Black and blue  
But you know  
I'd do it all again for you  
(You know I'd do it all again for you)  
(I swear I'd do it all again for you)
