

# This Is Our Town

## We the Kings

Dear Bradenton  
You have been good to me  
You've kept your word  
And got me through these years

And All I ask  
Is that you'll be here  
When I return  
To share arms  
In what we have learned  
For so long these streets were my home

Dear Bradenton  
As the city sleeps the night  
You found us hiding out  
Under parking garage lights  
And you know  
You know you'll find us here  
When we return  
From Anna's isle to  
Eastern fields

This is our town  
This is who we're meant to be  
This is our town  
Where our roots have grown so deep  
This is our town  
This is where we're meant to be  
This is our town  
We'll keep coming back because...

This is our town  
This is our town  
This is our town  
(What are we running for? )  
This is our town  
(What are we running for? )  
This is our town  
(This is our town)

Dear Bradenton  
As I gently close my eyes  
I hear you whisper softly  
As we continue our goodbyes  
And all I ask  
Is that you'll be there  
When we return

Cause this is our town  
This is who we're meant to be  
This is our town  
We're our roots have grown so deep  
All I ask is that you'll be here  
When I return
