

# Falling Back To You

Webb Pierce

Yes, I keep falling back to you  
What else can I do  
I keep falling back to you

So many times, I've had you on my mind  
It seems, I just can't leave the past behind  
I know you've been untrue dear  
But oh, what can I do?  
For every time the sun goes down  
I fall right back to you

Yes, I keep falling back to you  
What else can I do  
I keep falling back to you  
I can't forget the past we knew  
I can't forget the past we knew

So many times, I've had you on my mind  
It seems, I just can't leave the past behind  
I know you've been untrue dear  
But oh, what can I do?  
For every time the sun goes down  
I fall right back to you

Yes, I keep falling back to you  
What else can I do  
I keep falling back to you  
I can't forget the past we knew
