

I Still Miss Someone

Webb Pierce

At my door the leaves are falling the cold cold winds will come
Sweethearts walk by together and I still miss someone
I go out on wild party look for a little fun
But I find a darkened corner cause I still miss someone
Though I never got over those blue eyes I see them everywhere
I miss those arms that held me when all the love was there
Oh I wonder if she's sorry for leaving what we had begun
There's someone for me somewhere and I still miss someone
There's someone for me somewhere and I still miss someone
