

# I Still Miss Someone

Webb Pierce

At my door the leaves are falling the cold cold winds will come  
Sweethearts walk by together and I still miss someone  
I go out on wild party look for a little fun  
But I find a darkened corner cause I still miss someone  
Though I never got over those blue eyes I see them everywhere  
I miss those arms that held me when all the love was there  
Oh I wonder if she's sorry for leaving what we had begun  
There's someone for me somewhere and I still miss someone  
There's someone for me somewhere and I still miss someone
