

## If I Could Come Back

Webb Pierce

If I could come back when I'll leave this world I'd still want  
to come back to you  
Though you've never cared half as much as I  
I pray that someday things would change  
From here to eternity would seem just like a day  
If I had your promise I know I'd find the way  
If I could come back when I'll leave this world I'd still want  
to come back to you  
From here to eternity
