

Love Love Love

Webb Pierce

Sometimes I cry when you don't call
I'm beginnin' to think you don't love me at all

But you are still my, baby
I want the whole world to know
I just love, love, love, love, love you, love you so

Friends are tryin' to tell me
That I'm just a fool
Your love don't mean a thing
But I keep hopin' someday
If you'll see same things my way
You'll make the weddin' bells ring

Then I'll have you to keep me gay
We'll be alone both night and day

So tell everybody
I want the whole world to know
I just love, love, love, love, love you, love you so

Life's just too short to fuss and fight
If you'll trust in me, well, I'll treat you right

So tell everybody
I want the whole world to know
I just love, love, love, love, love you, love you so

Friends are tryin' to tell me
That I'm just a fool
Your love don't mean a thing
But I keep hopin' someday
If you'll see same things my way
You'll make the weddin' bells ring

Then I'll have you to keep me gay
We'll be alone both night and day

So tell everybody
I want the whole world to know
I just love, love, love, love, love you, love you so
I just love, love, love, love, love you, love you so
