

Memory No.1

Webb Pierce

You're my mem'ry No 1
I've got lots of golden memories of a million things I've said
and done
But when I sepearate them darling you're my mem'ry No 1
I've called lots of other sweethearts and I admit I've had some
fun
But when I stop and think of true love you're my mem'ry No 1
Even fools sometimes get lonesome
And I guess that's what this fool has gone and done
For tonight I'm thinking of old mem'ries and you're my mem'ry N
o 1
Even fools sometimes...
