

There's More Pretty Girls Than One

Webb Pierce

There's more pretty girls than one there's more pretty girls than one

Every town I ramble around there's more pretty girls than one

Well I am a rambling man I done roam this world around
I've always been a rounder boy since my girl turned me down
There's more pretty girls than one...

Now listen all you rounders let me tell you what you'd do
Don't fall in love with a pretty little girl unless you know she's true

There's more pretty girls than one...

(There's more pretty girls than one yeah yeah)
