

## Blood Fades to Black

Wednesday 13

Forever pieces  
Forever death  
No longer life  
No longer flesh  
Forever gone  
No looking back  
Blood fades to black

Lets start clean  
And shine a light  
Into the darkness  
It's hard to find  
Forever gone  
No looking back  
Blood fades to black

In this moment  
Things can be mean  
So bitter sweet  
I'm on the "T"  
Forever gone  
No looking back  
Blood fades to black
