

# Cruel to You

Wednesday 13

I've got bad, bad thoughts a brewing  
Deep down inside of me  
I just wanna take a razor blade  
And mutilate your body

And blood will spray, and birds will sing,  
It's so deranged, but I know that I like it...  
I fucking like it

Don't you understand  
I'm just the boogie man  
And I've come to cut you down  
All that I've been dreaming  
Just to hear you screaming  
I'll be around when the sun goes down

I just want to hurt you  
Beat you black and blue  
I just want to be so cruel to you

And you had this coming to ya  
Every dog has its day  
And that day is finally here to put you  
Out of your misery

And blood will spray, and birds will sing,  
It's so deranged, but I know that I like it...  
I fucking like it

Don't you understand  
I'm just the boogie man  
And I've come to cut you down  
All that I've been dreaming  
Just to hear you screaming  
I'll be around when the sun goes down

I just want to hurt you  
Beat you black and blue  
I just want to be so cruel to you  
I just want to hurt you  
Beat you black and blue  
I just want to be so cruel to you

Cruel to you!  
Cruel to you!  
Cruel to you!  
Cruel to you!

I just want to hurt you  
Beat you black and blue  
I just want to be so cruel to you  
I just want to hurt you  
Beat you black and blue  
I just want to be so cruel to you

I just wanna  
I just wanna

Beat you black, and blue  
I just want to be so cruel to you

Cruel to you!  
Cruel to you!  
Cruel to you!  
Cruel to you!
