

Halloween 13-13

Wednesday 13

Hey little girl don't be scared
Just take this candy from my hand
Tonight is the night the dead rises from their graves
Don't be afraid, girl, don't be afraid

We are the dead on holidays
And what a mess, we hide in shadows and we wait
Upon the living we pray
Don't mind what I said baby, just be afraid

'Cause you'll be screaming on halloween
Beneath the shadows of the living things
The horrors in your reality
I'm here tonight Halloween 13-13

And all the children of the night
Have gather years by my side
Tonight is the night the dead rises from their graves
Don't be afraid, girl, don't be afraid

We are the dead on holidays
And what a mess, we hide in shadows and we wait
Upon the living we pray
Don't mind what I said baby, just be afraid

'Cause you'll be screaming on halloween
Beneath the shadows of the living things
The horrors in your reality
