

I Wanna Be Cremated

Wednesday 13

Burn the flames until I'm ash and grey
And store my remains, inside of you some day
Hand in hand in now were can to can
Ashes to ashes
With a fool proof funeral plan

I guess I'll never know I was born to crash and burn out baby
Yeah I'm hot around the car and I realized I just need a bottle
to fry me
Like KFC

I wanna be cremated
(I wanna be cremated)
I wanna be cremated
(I wanna be cremated) (2x)

All that remains of this cold black tray
Throw whats left of me inside this tin grave
Hand in hand in now were can to can
Ashes to ashes
With a fool proof funeral plan

I guess I'll never know I was born to crash and burn out baby
Yeah I'm hot around the car and I realized I just need a bottle
to fry me
Like KFC

I wanna be cremated
(I wanna be cremated)
I wanna be cremated
(I wanna be cremated)
(4x)
