

It's A Wonderful Lie

Wednesday 13

We tell each other things
The things that we don't even mean
Like when i say i like your hair
Or have a pretty little dress on
I really don't care
And you say I'm a little bit
Handsome and I'm also fit
But really what you wanna say
Is that your love me the best
When I'm away

And i'll take you by the hand
And look you in the eye
I'll promise you a world of hapiness
And a lifetime full of lies

We were meant to be
Like fire and gasoline
Then we don't even have to try
Cause baby, it's a wonderful lie

We had everything
Except for love, part that's missing
And if we both try to cry
We'll starting laughting
Cause it would be a lie
I really love the way
That we don't touch or do a thing
We both know that it's not fair
Cause it sure ain't love that's in the air

And I'll take you by the hand
And look you in the eye
I'll promise you a world of hapiness
And a lifetime full of lies

We were meant to be
Like fire and gasoline
Then we don't even have to try
Cause baby, it's a wonderful lie

And I'll take you by the hand
And look you in the eye
I'll promise you a world of hapiness
And a lifetime full of lies

We were meant to be
Like fire and gasoline
Then we don't even have to try
Cause baby, it's a wonderful lie

We were meant to be
Like fire and gasoline
Then we don't even have to try
Cause baby, it's a wonderful lie

It's a wonderful lie

It's a wonderful lie
It's a wonderful lie
