

## The Dixie Dead

Wednesday 13

Gonna take you where the moon don't shine  
Way back beyond the pine  
Tell you a story of the very worst kind, yeah

They said they were invincible  
So indestructible  
The most horrific thing you've seen, yeah

Now load it, load it, make your bet  
Beware the Dixie dead  
Dixie dead  
(2x)

Some say they stomp around the swamp  
And blood is all they want  
Just call it Hillbilly homicide, yeah

And they say when the moon is full  
Those motherfucking ghouls  
Are ready to bleed you dry, yeah

Now load it, load it, make your bet  
Beware the Dixie dead  
Dixie dead  
(2x)

Now load it, load it, make your bet  
Beware the Dixie dead  
Dixie dead  
(2x)
