

## Flies on My Dick

Ween

Oh sweet mindfuck lady  
Please love me like u do  
Plagued by an image of days long gone  
Flies on my dick

Never sit alone on a hot sticky noon  
With flies on your dick  
I'm just a boy with a gypsy nun  
I love it when you stick me with your staff

Oh sweet mindfuck lady  
Smashed with a nightmare  
All alone with flies on my dick

Have a beautiful pain  
It always rains in your bed  
When I'm wet with truth  
I'll say it with soothe

I know what I must do  
Sweetheart - nun - gypsy  
I know what I must do  
So afraid I know what I must do
