Whooa, yeah, whoa, whoa, yeah Yeah yeah, ahhhhhh, whoa, whoa, yeah

The lights go out, the smell of doom I'll bet is creeping into your lonely room The bed's on fire, your fate is sealed And you're so tired, and the reason is Camille-mille Shockadelica The girl must be a witch She's got your mind, body, and soul hitched Shockadelica You need a second opinion But she never wears a stitch So you can't take her home, she's got you tied with a golden rope She won't let you play your guitar And when you've cried enough Maybe she'll let you up For a nasty ride in her Shockadeli-car Gonna make you beg!

Gonna make you beg Gonna make you spread your leg Gonna want it, gonna get it And you'll never regret it

[unintelligible rap]

Talk to me lover, come on tell me what you taste
Didn't your mama tell you life is to good to waste?
Didn't she tell you that Lovesexy was the glam of them all?
If you can hang, you can trip on it
You surely won't fall
No side effects and the feeling last forever
Straight up - it tastes good
It makes you feel clever
You kiss your enemies like you know you should
Then you jerk your body like a horny pony would
You jerk your body like a horny pony would
Now run and tell your mama about that!

Let me lick your pussy, let me lick your cunt

Let me eat your body, baby, let me make you squeal and grunt

Let me show you how to please me baby

Let me show you how to tease me baby

Baby baby babe get down on your knees

Let me lick your pussy

Let me lick your pussy

Let me lick your pussy
