

There's a Pig

Ween

There's a pig
On my street
He's got a gun
And he's after me
I try to run
Try to stay cool
But there's a pig
I ain't a fool

Cause this pig
He's after me
He's got my number
But I'm still free

Didn't pay the bill
Cost 20 bucks
And now s'over a hundred
And I'm outta luck
I see the pig
He's over there
Askin' round
This ain't fair

Cause this pig
He's after me
He's got my number
But I'm still free

What can I do
To get some peace
To keep the pig
Outta reach
I gotta do whats right
What I gotta do
Is get that pig
And shoot him dead

Cause this pig
He's after me
He's got my number
But I'm still free

There's this pig
On my street
He's got a gun
And he's after me
I'll shoot him dead
I'll buy a gun
I'll get the man
I'll get the man

Cause this pig
He's after me
He's got my number
But I'm still free
