

Somewhere

Weeping Willows

I long for us to meet
But I don't know where
I'll just wait and see
Until love comes over here

It lies hidden
There's no sign
But

Somewhere someone dreams
Someone dreams of me
Somewhere there's a place
Somewhere there is love for me
Somewhere there's heart
That beats for me

I long for us to meet
But I don't know when
I don't where to seek
All I know what I need

It is hidden
There is no sign
But
